Profile

I am Mohammadsoaib Shaikh, a full-stack developer, passionate about creating interactive and dynamic web applications. I have worked on personal projects like building responsive websites to improve my skills and apply what I've learned. I am eager to continue expanding my knowledge in full-stack technologies and i am looking for opportunities where i can contribute to real-world projects while continuing to grow as a developer.

Projects

Solution M4 theme Marketing Website 🔗

<https://soaib-shaikh.github.io/marketing-website/> 🔗

Developed a fully responsive and visually engaging marketing website using HTML and CSS. This demo site, based on the Solution M4 marketing theme, showcases key features such as attractive landing pages, content sections, and clear navigation, all designed to promote a marketing solution. Focused on clean, user-friendly design and mobile responsiveness to provide an optimized experience across devices. The project included custom styling, layout adjustments, and performance optimization to ensure fast loading times and a seamless user experience
